WASHINGTON ITEMS.—Company A. Washington Light Infantry, will visit Richmond on the 30th of October. No new cases of small-pox were reported at the meeting of the Board of Health on Friday

The Governor has appointed the superindents of election in each district. A Prince Georgian walked through a \$125

glass windew at a plumbing establishment on the avenue yesterday.

Adolph Coillon, a French cook, employed in the National Hotel, has been arrested, charged with stealing a lot of groceries thereform. Upon searching his residence the detectives found several lots of silver spoons and forks, the property, it is alleged, of the National and Arling-

ton Hotels. Mr. J. H. Cooke, a well-known painter, employed for years at the Executive Mansion, died suddenly on Saturday from congestive chills.

One of the Japanese girl students at school here has been studying so hard that she has contracted a serious disease of the eyes, threatening total blindness, and she is to be sent home and another one sent here in her place. She is the eldest of the party, and is noted for her intelligence and excellence of disposition.

THE VALLEY RAILROAD. -On Wednesday last there was a meeting of the stockholders of the Valley Railroad at Salem, in Roanoke county, at which the Central Route by Lexington was adopted unanimously. The Board of Directors was reduced to ten members, four of them from the Valley. The Treasurer's report showed that there had been paid, cash, by B. & O. R. R. \$300,000, Staunton \$54,000, and individual subscriptions, \$32,777, and that \$93,552.17 had been expended, leaving a balance of \$293,224.83 in the hands of the Treasurer. Resolutions were adopted authorizing the board of directors to issue the bonds of the company for the completion of the road from Harrisonburg to the V. & T. road at or near Salem. The Engineer's report estimated the cost of road, with iron bridges, \$5,700,000. and gave in detail the reasons upon which his estimate was based. Robt. Garrett was re-elected President, and the following gentlemen Directors: Johns Hopkins, P. P. Pendleton, R. T. Baldwin, D. H. Miller, R. Norris, jr., and Wm. Keyser, of Baltimore; M. G. Harman, of Staunton; Wm. Allan, Lexington; Edmund Peudleton, Botetourt, and G. W. Hausbrough, Roanoke. J. Randolph Tucker made a most happy address.

DESTRUCTION OF PROPERTY. - This section was visited on Wednesday night by a tremendous fall of rain, the heaviest we have had for months. From a gentleman from the neighborhood of Dunnsville we learn that the destrction of property in consequence was very great. The mills known as Clarkson's Mill Wright's Mill and the Essex Mill had their dams swept away. The saw mill of our townsman, R. E. Wynn, esq., situated immediately below the dam of the Essex Mill, exactly opposit the point at which the dam broke was carried away and had not been found at the time our informant left, the water being high enough to conceal it entirely. Mr. Boughton had 30,000 feet of lumber on the dam which was carried away, but much of it we presume will be recovered. Our informant estimates the total loss occasioned by the flood at \$2,000. Tidewater (Essex County) Index.

FAIRFAX COUNTY ITEMS.—The Fairfax correspondent of the Manassas Gazette says:-"We are infested just at this time with a great deal of sickness; fever seems to be raging, several have died with it and I hear that a great many more are sick with this contagious disease.

"The crops in this county are said to be very good considering the season and the farmers seem to think they will make an average crop after all; if they do not we are gone up for food this winter certain.

"Providence Lodge, No. 3, of Good Templars, in this place are flourishing. Mr. Harrison, of Alexandria, will deliver an address on Temperance, for them, on Friday night, the fourth of October. They have some fifty or sixty members, and I expect they will have quite a grand turn out.

SUICIDE.—Henry Bremer, a jeweller, committed suicide by shooting himself through the brain in the reading-room of the Young Men's Christian Association at Newark last Friday. Bremer entered the room alone, and sat meditating while three or four other occupants of the room were engaged in reading. Suddenly he placed to his head a large pistol and fired. Portions of the skull and brain were carried to distant parts of the room. After the shot the pistol fell from the lifeless hand, and the dead body sat still upright in the chair. Bremer was nearly fifty years of age, and been a regular visitor at the rooms of the association for three years past. A love affair is said to have caused his temporary derangement.-N. Y. World.

A MODEL FIELD OF CORN.-We had the pleasure on Tuesday last, of viewing a field of corn raised the present season by Mr. W. H. Benton, on his handsome and admirably cultivated farm, in the neighborhood of Middleburg. It is certainly the "prize crop" of the season. It is the famous large-eared white corn, brought to its present state of perfection by his own careful culture, and which has taken the premium at all the Fairs where exhibited. This field of 56 acres will average this season, according to the estimate of the best judges, from eleven to twelve barrels to the acre. The corn is unusually large and will be on exhibition by sample at the Loudoun Fair. - Leesburg Washingtonian.

The daughter was a true woman in every sense of the word; kind, generous, and ever ready to help the needy and to minister to those in affliction. Her demise is sorely mourned by her numerous friends and acquaintances; but dying as she did a true Christian, and leaving the bright evidence behind her, they can but feel that their loss is her gain.

LOCAL ITEMS.

RELIGIOUS SERVICES YESTERDAY. -The weather yesterday morning was threatening. but the clouds dispersed in the afternoon and the evening was clear, the stars shining brightly. The congregations assembled in the churches were about as large as usual in the morning and somewhat larger at night. Rev. R. H. Mc-Kim, having returned from Europe, resumed his duties as rector of Christ Church. Rev. J. T. Kelley preached in the 1st Presbyterian Church. The pulpits of the other churches were occupied by the resident clergy. The following is a report of the work done during the day by the Young Men's Christian Association: "The mission Sabbath School, on the fish wharf, opened with an increased number of scholars, and with a full corps of teachers. The exercises were well conducted, and the deportment of the scholars satisfactory. The session was closed by an address from Mr. Williams to the scholars. At the Alms House the services were of unusual interest, a large congregation present, and a full and an active force of workers on handa decided improvement over the last few Sundays in this activity. At the jail a full committee were at work. They report a meeting satisfactory as to interest, and their hearts again cheered in seeing the work prospering in their hands. The canal services were not held; the committee on hand, no boats in the basin, owing to a break in the canal. The open air meeting, at the corner of King and West streets, was attended by a full force of members of the Association; a large congregation present; the exercises of the usual interest, and conducted with the same fervency characterizing these meetings. The Sunday prayer meeting in the Baptist church was largely attended; the exercises were full of interest; the speakers on the occasion earnestly appealed to the church Jesus, and to the unconverted present to seek the salvation of their souls. The leader gave an interesting account of the recent conversion of an aged man through the instrumentality of one of the open air meetings, which gave additional interest to the services. The goodly number of the youth of both sexes present added to the encouragement of the Association." This of insanity. prayer meeting will be held next Sunday in the M E. Church.

HEAR THE OTHER SIDE. - In its account of the late disturbance between some Irishmen and some colored laborers in New Jersey in which one of the latter from this city was killed the New York Herald says that "to the Irish laborers the smallest portion of the blame must be attached" and that the two colored men who instigated the riot, Joe Warren and Charles Perkins, hurridly left Patenburg on Sunday morning for Alexandria, Virginia, their native place. The Herald's correspondent says :-John Wilson, the colored man, tells his story as follows: I was sitting in the camp, about 1 o'clock on Sunday morning, when Joe Warren and Charley, the banjo player, came in and said we've been fighting with the Irishmen and have got the worst of the fight. Get up, boys. and help us. We got together all we could and started, Joe and Charley leading. We came upon four or five of the Irishmen and we all turned in fighting. Some of us had clubs and wcapons; others used these (holding up his fists). The Irishmen were licked by us. And then, as we thought they would get togather more men, we ran away towards Mrs. Carter's barn. We stayed there until we were drove out the next morning. Joe and Charley are tough men. I tell you it would take two good men to get away with them. Charley is great on the fight.

"Acting on this evidence warrants have been issued for the arrest of Warren and Perkins, and Deputy Sheriff Ramsey has gone to Alexandria to bring back the men, who, it is said, are well known to the police of the District. Some hesitation was shown by the Prosecuting Attorney in granting the warrants, whereat the Sheriff became indignant, and said that if it were two Irishmen who were wanted the warrants would soon be issued. There seems to be a disposition on the part of some of the authorities to screen the negroes, with what object no one can tell but the parties concerned.

BREAK IN THE CANAL, -A break occurred yesterday in the Alexandria Canal just beyond the Arch near Custis' Springs, about one mile this side of the Virginia end of the Aqueduct, to regair which will require at least three days. A space in the tow path twenty feet long by twenty deep has been washed away through the opening and the water on the line has escaped. A large force of laborers, some of whom are from this city, has been set to work making the necessary repair, which, it is expected, will be completed by Wednesday night, that is if the weather holds good until that time. This is the first break that has occurred on the Alexandria Canal since the resumption of navigation last spring.

SUNDAY LAW .- But few intoxicated persons were seen on the streets yesterday, and the supposition is that the late enforcement of the penalties for the infraction of the Sunday law has tended in no small degree to the better ohservance of the ordinance. Liquor is sold, however, on Sunday in the groceries outside of the city's limits, and in order to diminish their receipts and keep the results of their business invisible, orders will be issued to arrest hereafter all persons seen under the influence of liquor on Sunday.

REPAIRS NEEDED .- Complaints are made about the condition of the pump at the corner of Henry and Wilkes streets, of the dangerous hole in the pavement around the pump at the corner of Wilkes and Water streets, and of the condition of the intersection of Gibbon and Henry streets.

"WHEAT'S MILL."-Mr. Worthington, the lessee of Wheat's Mill, commenced this morning the necessary alterations in and repairs to that property. Four sets of burrs will be run, and the mill, it is thought, will be ready for operation within the next two months.

FRESH FISH. - A cargo of fresh fish, just from the lower Potomac, will be for sale in the market to-morrow morning by Cook & Co.

Fatal Railroad Accidents. NEW YORK, Sept. 30 .- About half past nine o'clock yesterday morning, a train filled with employes of the road, on the Boston branch of the Delaware, Lackawana and Western road collided with a coal train near Paterson, N. J. The cars were thrown from the track and completely wrecked. Hiram O. Bagley and John C. Wiggins were killed and eight persons were seriously injured. The cause of the accident will be investigated to-day.

LANCASTER, N. H., Sept. 30.—An extra express passenger train on the Boston, Concord and Montreal Railroad was thrown from the track by stray cattle Saturday night. Three cars went over an embankment, were upset, and were completely wrecked. There were but very few passengers on the train. Allen Quimby, of Littleton; Francis Richardson, and Ira Smith, both of Lancaster, were badly hurt. Santord Wallace, brakeman, of Worcester, was seriously cut and bruised, and three lady passengers and conductor George Moulton sustained slight injuries.

NEW YORK, Sept. 30. - Conventions to nomnate candidates for local officers are to meet during the present week.

The police commissioners recently refused permission to St. Patrick's Mutual Alliance Society to form in procession yesterday for the purpose of participating in the laying of the corner stone of a church in Jersey City. It had been rumored consequently that the association would parade in violation of law. Hence a heavy force of police were in readiness yesterday for service, but members of the society to the number of six thousand crossed the ferry members to be more diligent in working for in groups and paraded in Jersey City. The procession of a society from Brooklyn was disbanded by the police.

Patrick Leary horribly mutilated his wife and daughter this morning with a meat-saw. Both will probably die. He was arrested after a terrible struggle. He was recently discharged from the lunatic asylum, and had a recurrence

### SPECIAL NOTICES.

NATURAL DECAY-PROTECT THE SYS-TEM.—The human body is a machine, and therefore cannot endure forever; but, like a watch or a sewing machine, it will last much longer if properly regulated and duly repaired, than if no pains were taken to keep it in order. The great object of every one who desires a long and healthy life should be to put his body in a condition to resist the life-threatening influences by which we are all more or less surrounded; and no invigorant or corrective at present known so effectively answers this purpose as the vitalizing elixir which, under the unpretending name of Hostetter's Stomach Bitters, has been for more than twenty years the standard tonic of America. In crowded cities, where the atmosphere is contaminated with the effluvia inseparable from large ; opulations; in marshy regions. where the soggy soil reeks with miasma; on the prairies and in the forests, where every fall the air is tainted with exhalations from rotting weeds and grasses, or decomposing leaves—in short, in every locality where malaria exists, this powerful vegetable antidote is urgently needed. Fever and ague, bilious fevers, dysentery, congestion of the liver, jaundice, rheumatism, and all diseases which are generated by infected air, impure water, or sudden changes of temperature, may be averted by strengthening and regulating the system in advance with Hostetter's Bitters. Autumn is always a season of peril, especially to weak, susceptible organizations. Even the more vigorous are apt to be in some measure depressed by the humid atmosphere, loaded with deleterious gases produced by vege-table decay. The fall is a period of the year when the renovation and regulation of the living machine is peculiarly important, and the Bitters should therefore be taken daily at this critical season.

TET SCROFULA is the dread disease which annually sweeps its thousands to the grave. It makes its appearance in many forms; in Consumption, Glandular Swellings, Rheumatism, Cutaneous Diseases, many of the affections with which females are troubled, &c. Perhaps no one is wholly free from its taint. The only way it car be successfully treated is through the medium of the circulation. It is a blood disease. Dr. Tutt's Sarsaparilla and Queen's Delight possesses the qualities to expel it from the system and restore perfect health. Being free from violent minerals, it may be taken with safety by old and young. The most delicate female may take it at any time.

If your child has worms, or a bad breath, or sallow complexion, or restless at night, or no appetite, or general bad health, give it Dr. Tutt's Liver Pills. It will soon be restored.

ket square, was this morning discovered to have been broken open. It contained but little, and the loss, if any, was small. A remarkable looking cloud, black and spindle-shaped-spanned the entire heavens from

southwest to northeast about ten o'clock last night, and attracted considerable attention. We omitted to mention in Saturday's Gazette, that the market on that day was very well supplied, and that prices of meats, vege-

tables and fruits were about the same as for the previous week. The Board of Supervisors of Alexandria county will meet in the office of the County Clerk, on Wednesday, the 23d day of October,
